

Professional Development Opportunities

This document reviews the ways that you can learn about the Desired Results Developmental Profile *access* (DRDP *access*).

LOCAL Training

Contact your SELPA administrator to find out who has been trained by the Desired Results *access* Project to provide training on the instrument in your area. If your SELPA does not have a training team, contact the Desired Results *access* Project to set up a Train-the-Trainer Institute.

ONLINE Training and Professional Development Opportunities

Please visit www.draccess.org/prodevelopment/ for a range of online learning resources, including:

Coming Soon: Updated Online Learning Modules on Using the DRDP *access*

These modules are designed for those who have not had the opportunity to participate in face-to-face training sessions, those who prefer to learn online, and for those who attended a training session but would like a refresher.

- *Overview of the DRDP access*
- *Practice Rating the DRDP access*
- *Using Adaptations with the DRDP access*

What is Authentic Assessment

This video describes the features and benefits of authentic assessment for teachers, service providers, and administrators. Produced by Results Matter Colorado.

ONSITE Training Provided by the Desired Results *access* Project

Training related to the DRDP *access* Assessment System is available through the Desired Results *access* Project at no cost throughout the year. Our trainers will provide assistance to your teachers, service providers, and administrators with:

Using the DRDP *access* for Preschool Special Education

Basic training for new assessors on how to use the DRDP *access*.

Train-the-Trainer Institute

The TTT Institutes prepare your staff to train new assessors to use the DRDP *access*. A minimum of ten people is required and may include participants from multiple SELPAs. We highly recommend that each SELPA prepare a training team.

ONGOING Support
