

DRDP Data Path for Special Education

Follow the path of DRDP data from teachers' assessments, to planning instruction and federal reporting

The Desired Results Access Project:

Develops an aggregate report describing the progress of 3, 4, and 5 year old children for three child outcomes (Indicator 7) for the State Performance Plan (SPP). For more information: DRAccess.org/SPPindicator7Linking.html

Provides psychometrically valid child-level reports to teachers: DRAccessReports.org

Provides secure online SELPA data collection and data quality reports: DRAccessData.org

Provides reports for local education agencies (LEAs): DRAccessOutcomes.org

Teachers can:

Transfer DRDP results from your MIS (SEIS, SIRAS, etc.) into DRAccessReports.org

Produce child-level reports at DRAccessReports.org

Track children's progress towards the preschool learning foundations, plan instruction, inform IFSP or IEPs, and share progress with families

Administrators can:

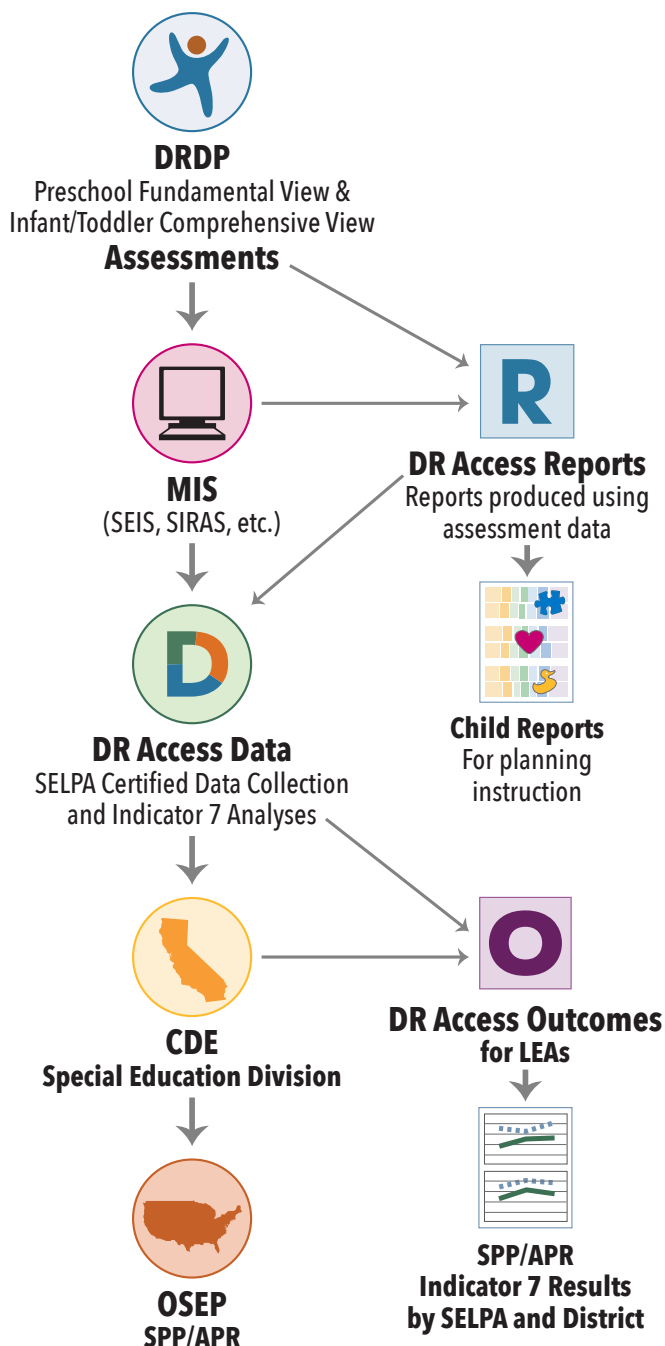

Track teachers' progress in submitting DRDP results using the administrator report on DRAccessReports.org

View your SELPA or school district reports for Indicator 7 compared to the state's results at DRAccessOutcomes.org

The California Department of Education, Special Education Division (CDE/SED):

Submits the SPP/APR to OSEP

Publishes the entire SPP annually for the public.
View California's SPP/APR at cde.ca.gov/sp/se/apr.asp
